

**FLEX SOLUTIONS**  
Customized Mobile Environments

## VER delivers Customizable, Packaged Solutions in a Mobile Environment to save Time and Money

Flex Solutions is a broadcast service, specializing in HD multi-purpose Support Units for rental. They can accommodate any type of facility ranging from Media Server, Remote Production, Edit Facilities, Reality Show Production, and Operations Trailers. All of the mobile units are designed with HD infrastructure and multi-viewing monitoring/routing, with state-of-the-art communications and rack space to integrate into the ever-growing broadcast compounds.
